

Straight 420

Modulate[™] Straight 420

Modulate[™] consists of a set of frames made from aluminium tubes (Ø30 mm) covered with a printed tension fabric graphic. These frames can be connected together using powerful magnets inside each frame. Modulate range is available in 11 different sized

- Thanks to the exclusive **MagLink** magnetic system built into the structure, you can connect the frames by simply touching them together.
- With the **Twist & Lock** system, simply position the foot under the structure, turn it and it's locked!
- The graphics are very easy to maintain thanks to the crease-resistant and machine washable textile cover. Stretch fabric with zip system.

360° MagLink connector in each pole. 4 magnets per structure

Optional 400 mm extension to change the height of the structure

Self-locking system with bungee poles and push-buttons

Simple assembly with numbered frame parts

Central reinforcement tube (Ø 18 mm)

2 stabilising feet with Twist & Lock supplied with each frame

Double-sided tension fabric. Zip system

Modulate[™] carry bag with dedicated compartments for the feet and graphics
