Tablet Displays

Touchscreens continue to be used in more and more customer facing environments and this growth does not show any signs of abating. The benefits of increased customer engagement and the positive effect that these interactive displays are proving to have on overall sales is hard to ignore and will continue to see them being used in new and innovative ways across many sectors.

We have recognised the need to offer a range of tablet displays that reflect the key features of the devices that they hold; beautiful design, intuitive operation, strong build quality and innovative features. In meeting these needs we believe we have created the most comprehensive range of iPad displays available in the market today.

Our tablet displays can be used in:

Retail spaces, Restaurants, Bars & Pubs, Coffee shops, Hotels, Museums, Hospitals & Health Care centres, Concerts/Sports Events, Schools and Universities, Airports, Travel agents, Car showrooms, Electronic stores and Banks. The applications just keep on growing and with a 5 year guarantee across the entire range, you can rest easy knowing that whatever your requirements, we have a solution, at the right price, guaranteed.

Cable management option available using your device's USB cable

iPad Post Mount

The iPad post enclosure is designed to carry an iPad whilst allowing secure fixing to the uprights of the Centro range of portable display stands. The unique fixing to the rear of the iPad post securely fastens into a channel in the aluminium sections used to build Centro display systems.

The iPad enclosure allows easy access to the touch screen of the iPad.

The combination of attention grabbing large format graphics and the detail that may be imparted by the interactivity of an iPad are a strong marketing combination.

Ideal for use in the following environments

• Events
• Visitor centres
• Showrooms
• Retail promotion

Main features

• Product code - CiP/K5/Black or CiP/K5/White
• Designed for iPad 2, 3, 4, iPad Air 1, Air 2, iPad Pro 9.7", iPad 9.7" (launched March 2017)
• iPad holder and Centro interface mounting bracket supplied
• Enclosures in textured black or white finish
• Holder rotates 360º
• No swivel movement or tilt action
• Overall holder dimensions
    • Portrait - 206(w) x 58(d) x 294mm(h)
    • Landscape - 294(w) x 58(d) x 206mm(h)
• Net weight - 1.6kg
• Carton dimensions - 360(w) x 250(d) x 120mm(h)
• Packaged weight - 3.0kg

iPad post mount enclosure excludes centro hardware shown in images.

iPad Wall Mount

When space is tight at an event, exhibition, road show or in a reception or showroom area, the iPad wall mount enclosure offers a practical solution. The enclosure and wall fixing unit allows access to the iPad whilst securing the iPad and protecting it from damage or theft.

Ideal for use in the following environments

• Showrooms
• Museums and art galleries
• Office environments
• Retail display

Main features

• Product code - CiP/K4/Black or CiP/K4/White
• Designed for iPad 2, 3, 4, iPad Air 1, Air 2, iPad Pro 9.7", iPad 9.7" (launched March 2017)
• iPad holder and Vesa mount tilting bracket with security locking screws supplied
• Enclosures in textured black or white finish
• Holder can be mounted portrait or landscape
• Easy tilt adjustment +17° to -10°
• No rotation or swivel movement

iPad Column

The inventive iPad column systems are designed to attach an iPad into the top of the posts from the Centro range of portable display stands. The unique fixing to the base of the holder securely fastens into the top of the aluminium sections used to build Centro display stands.

The column units allow secure use of an iPad in conjunction with a simple freestanding promotional graphic display.

The portability of the column stands provide the ideal opportunity to use graphic panels and iPads in a simple combination to create information stations.

Ideal for use in the following environments

• Simple freestanding information stations
• Queuing information systems
• Showroom product support
• Events where space is confined

Main features

• Product code - CiP/K6/CS
• Designed for iPad 2, 3, 4, iPad Air 1, Air 2, iPad Pro 9.7", iPad 9.7" (launched March 2017)
• Post and base with versatile iPad holder
• Enclosures in textured black or white finish
• Continuous iPad power supply
• Combined post height 1265mm
• Heavy duty steel base finished silver with rubber foot pads - 464mm diameter
• Maximum overall dimensions - 464(w) x 425(d) x 1595(h)
• Special ship safe carton - 1020(w) x 500(d) x 240mm(h) or optional moulded wheeled trolley case
• Packaged weight - 15kg (carton) or 24kg (case)

iPad Podium

The iPad podium displays are ideal for almost any reception situation. From event and showroom use to visitor centres and offices, this simple unit can be used to provide information. They can even be used as a speaker and presentation support tool.

The modern iPad podium stand is designed to fit within most reception environments. The iPad enclosure fixes securely to the top of an acrylic table top which is available in neon blue, red and green or frost.

Ideal for use in the following environments

• Office receptions
• Simple freestanding information stations
• Queuing information systems
• Showroom product support
• Events where space is confined

Main features

• Product code - CiP/K6/PS
• Designed for iPad 2, 3, 4, iPad Air 1, Air 2, iPad Pro 9.7", iPad 9.7" (launched March 2017)
• Single post, base and acrylic podium table with versatile iPad holder
• Enclosures in textured black or white finish
• Continuous iPad power supply
• Table height 1014mm
• Heavy duty steel base finished silver with rubber foot pads - 464mm diameter
• Maximum overall dimensions - 500(w) x 445(d) x 1340mm(h)
• Special ship safe carton - 1020(w) x 500(d) x 240mm(h) or optional moulded wheeled trolley case
• Packaged weight - 15kg (carton) or 24kg (case)

iPad Versa 1

The iPad Versa 1 display is designed with multiple functions in mind. It utilises an iPad housed in a secure enclosure for interactive communication. The display also provides an acrylic table top for optimum product visibility, a graphic messaging area and a literature dispenser.

The system is ideal for retail, showroom and event use and is ideal for featuring hero products or new product launches.

The attention grabbing graphics combined with table top, literature dispenser and the iPad make a strong marketing combination.

Ideal for use in the following environments

• Retail display
• Product launches
• Product promotion
• Showroom display

Main features

• Product code - CiP/K6/VS1
• Designed for iPad 2, 3, 4, iPad Air 1, Air 2, iPad Pro 9.7", iPad 9.7" (launched March 2017)
• Twin posts, base, acrylic podium table, 2 x linking profiles and A4 brochure holder
• Enclosures in textured black or white finish
• Continuous iPad power supply
• Table height 1010mm and iPad combined post height 1265mm
• Heavy duty steel base finished silver with rubber foot pads - 464mm diameter
• Maximum overall dimensions - 800(w) x 500(d) x 1595mm(h)
• Special ship safe carton - 1020(w) x 500(d) x 240mm(h) or optional moulded wheeled trolley case
• Packaged weight - 20kg (carton) or 29kg (case)

iPad Versa 2

The iPad versa 2 display is designed with multiple functions in mind. It utilises the iPad housed in the secure iPad holder for interactive communication. The display also provides an acrylic table top for optimum product visibility, the option for a graphic message area and 2 literature dispensers.

The system is perfect for retail, showroom and event use and is ideal for featuring hero products or new product launches.

The interactivity of an iPad combined with table top and literature dispensers and the possibility to add a graphic make a strong marketing combination.

Ideal for use in the following environments

• Retail display

• Product launches

• Product promotion

• Showroom display

Main features

• Product code - CiP/K6/VS2

• Designed for iPad 2, 3, 4, iPad Air 1, Air 2, iPad Pro 9.7", iPad 9.7" (launched March 2017)

• Twin posts, base, acrylic podium table, 2 x linking profiles and 2 x A4 brochure holders

• Enclosures in textured black or white finish

• Continuous iPad power supply

• Table height 1010mm and iPad combined post height 1265mm

• Heavy duty steel base finished silver with rubber foot pads - 464mm diameter

• Maximum overall dimensions - 800(w) x 500(d) x 1595mm(h)

• Special ship safe carton - 1020(w) x 500(d) x 240mm(h) or optional moulded wheeled trolley case

• Packaged weight - 20kg (carton) or 29kg (case)

iPad POS

The iPad POS display is designed to showcase a particular product or product range. The display utilises an iPad housed in the secure iPad enclosure for interactive communication and also provides three acrylic table tops for product display.

The system is perfect for retail and showroom use and draws attention to specific products in busy retail environments.

The eye grabbing display is perfect to feature physical products whilst utilising the iPad to highlight the benefits of the items being displayed.

Ideal for use in the following environments

• Retail display
• Product launches
• Product promotion
• Showroom display

Main features

• Product code - CiP/K6/POS
• Designed for iPad 2, 3, 4, iPad Air 1, Air 2, iPad Pro 9.7", iPad 9.7" (launched March 2017)
• Multiple post set with 3 x acrylic display podium tables
• Enclosures in textured black or white finish
• Continuous iPad power supply
• Table heights 510mm, 775mm, 1010mm and iPad combined post height 1265mm
• Maximum overall dimensions - 915(w) x 1000(d) x 1590mm(h)
• Special ship safe carton - 1020(w) x 500(d) x 240mm(h) or optional moulded wheeled trolley case
• Packaged weight - 20kg (carton) or 29kg (case)

iPad Duo

The iPad Duo display offers a space saving solution to create two information stations. Ideal for almost any reception situation, from event and showroom use to visitor centres and offices. This simple unit can be used to service two people at the same time.

The stylish iPad Duo stand is designed to fit within most reception or event environments. The display is easily transportable and takes up minimal storage space when not in use.

Ideal for use in the following environments

- Retail display
- Simple freestanding information stations
- Product launches
- Product promotion
- Showroom product support

Main features

- Product code - CiP/2K6/DS
- Designed for iPad 2, 3, 4, iPad Air 1, Air 2, iPad Pro 9.7", iPad 9.7" (launched March 2017)
- Single post, base and support arm with 2 x versatile iPad holders
- Enclosures in textured black or white finish
- Continuous iPad power supply
- Support arm height 1039mm
- Heavy duty steel base finished silver with rubber foot pads - 464mm diameter
- Maximum overall dimensions - 499(w) x 445(d) x 1365mm(h)
- Special ship safe carton - 1020(w) x 500(d) x 240mm(h) or optional moulded wheeled trolley case
- Packaged weight - 19kg (carton) or 28kg (case)

iPad Quad

The iPad Quad display offers a space saving solution to create four information stations. Ideal for almost any reception situation, from event and showroom use to visitor centres and offices. This simple unit can be used to service four visitors at the same time.

The stylish iPad Quad stand is designed to fit within most reception or event environments. The display is easily transportable and takes up minimal storage space when not in use.

Ideal for use in the following environments

• Retail display
• Simple freestanding information stations
• Product launches
• Product promotion
• Showroom product support

Main features

• Product code - CiP/4K6/QS
• Designed for iPad 2, 3, 4, iPad Air 1, Air 2, iPad Pro 9.7", iPad 9.7" (launched March 2017)
• Single post, base and cross shaped support arm with 4 x versatile iPad holders
• Enclosures in textured black or white finish
• Continuous iPad power supply
• Cross support arm height 1039mm
• Heavy duty steel base finished silver with rubber foot pads - 464mm diameter
• Maximum overall dimensions - 612(w) x 612(d) x 1365mm(h)
• Special ship safe carton - 1020(w) x 500(d) x 240mm(h) or optional moulded wheeled trolley case
• Packaged weight - 26kg (carton) or 35kg (case)

iPad Display - Graphic Concept

The stylish iPad graphic display stand is designed to carry an iPad whilst attracting attention via graphic panels. The column units allow secure use of an iPad in conjunction with simple fixings for the panels.

These portable display stands provide the opportunity to use graphic panels and iPads in a simple combination to create promotional units.

Ideal for use in the following environments

- Simple freestanding promotional stands
- Captive audience environments such as airports
- Showroom promotional support
- Events where people traffic is high volume

Concept utilising iPad Column and single panel with 3 clips (CiPA/1) or twin panel with 6 clips (CiPA/1 x 2)

- 5mm recommended panel thickness for concept rigid graphics
- Maximum graphic panel height 1265mm for use with standard iPad Column display stand

Fixings allow for side mounting of panels into profiles. Simple to fix with Phillips screwdriver.

Screw clips on a side mounted panel system.

iPad Display - Graphic Concept

The stylish iPad graphic display stand is designed to carry an iPad whilst attracting attention via graphic panels. The column units allow secure use of an iPad in conjunction with simple fixings for the panels.

Home Button

Guided Access - Lock your iPad home button

In iOS 6 and above, you can limit an iPad to one app by disabling the 'home button' access and restrict touch screen input on certain areas enabling the iPad to be left unattended. Only available on iPad 2 and above.

• Go to Settings
• Tap General
• Scroll down to Accessibility
• Scroll down to Guided Access
• Tap Guided Access
• Switch Guided Access to on and Set Passcode if not already set
• Go to an app with a scrolling picture, triple click on the Home Button and press Start in the top right-hand side of screen. Your screen is now locked
• To unlock - Triple click the home button, enter your passcode and in the top left-hand side click End.

Centro Wheeled Trolley Case

• Product code - CTC1
• Stylish and durable moulded plastic case with rubber wheels
• Detachable lid with moulded handle and 3 lockable latches
• Convenient side carry handle
• Overall dimensions - 520(w) x 440(d) x 1130mm(h)
• Internal dimensions 460(w) x 360(d) x 912mm(h)
• Optional laminated folding top available in beech or black with padded bag
• Converts to counter display with simple application of graphic wrap
• Quality assured - 12 months guarantee
• Net weight including tube without graphics - 8.9kg
• Packaged weight - 12.0kg

iPad packaging

• Specially manufactured double wall transit carton and internal fittings for ease of shipment worldwide of individual iPad stands
• Each carton supplied twin strapped with metal seals for convenient and safe handling
• Carton dimensions - 1020(w) x 500(d) x 240mm(h)
• See individual stands spec for packaged weights
